Dear Friends:

St. Mary's Hannah School has been in existence for over One Hundred years. Our principle goal has been the same since our founding in 1907: The education of our young people in a Catholic environment with great emphasis on the timeless values of our Faith.

A characteristic of our school has always been its small family-like atmosphere. Parents, teachers, and staff are deeply involved in the education and formation of their children under the leadership of their Pastor.

I invite you to come and see for yourself. You are cordially invited to visit our school during weekday sessions or you may inquire by phone. A warm welcome awaits you.

Sincerely in Christ,

Fr. Michael P. Conner
